

Make the call and talk to your designated Registered Nurse Health Coach

Whether you have a general health question, need help managing a chronic health condition like diabetes, or have a more complex health situation like cancer, support from an AmeriHealth Administrators Registered Nurse Health Coach is just a phone call away. All calls with your Registered Nurse Health Coach are completely confidential, and Registered Nurse Health Coaches are available 24/7, whenever you need their help.

What is a Registered Nurse Health Coach

You can call a Registered Nurse Health Coach to discuss health concerns and get the help and support you need to reach your health goals. Registered Nurse Health Coaches are available 24/7, and all calls are completely confidential. Registered Nurse Health Coaches may also call you to offer you help.

How can a Registered Nurse Health Coach help?

Your designated Registered Nurse Health Coach can help you:

- Manage a chronic condition like asthma, diabetes, or heart disease
- Cope with a serious illness, like cancer or a stroke
- Prepare and coordinate services for a planned admission or procedure
- Review your doctor's discharge instructions with you
- Answer questions related to health issues treatment instructions, tests, or procedures
- Understand your medications, and why and how to take them
- Work with you and your doctor to address health concerns
